

The image displays two technical cross-sections of a mechanical part, labeled SECTION A-A and SECTION B-B, both at a scale of 1:1.

SECTION A-A (Scale 1:1): This view shows a cross-section of the part. The left side is a semi-circular arc. The right side is a vertical line. A horizontal dimension line with arrows at both ends is positioned to the right of the section, labeled $12 \times C6 \triangle 2$. A circular feature with the letter 'H' inside is located to the right of the dimension line.

SECTION B-B (Scale 1:1): This view shows a cross-section of the part. The top surface is a semi-circular arc. The bottom surface is a horizontal line. A horizontal dimension line with arrows at both ends is positioned below the section, labeled $2 \times C6 \triangle 2$. A circular feature with the letter 'I' inside is located to the right of the dimension line.
